Course Offerings

FACULTY OF ART & SOCIAL SCIENCE

University of Dar es Salaam

This file has been adapted from the University of Dar es Salaam (UDES) prospectus. Contact KEI for course descriptions and syllabi. Please be patient as it may take 2 to 6 weeks to obtain course descriptions (and syllabi when available). UDES does not have a digitized system for course information; so much of the work must be done manually and through direct contact with each professor.

Course Selection & Approval

UDES uses a very different system for course scheduling and registration. It is important to keep the following in mind when selecting your courses:

1. Not all courses listed in this file are offered each academic term.
2. Course availability and schedule for each academic term is made available by UDES only a couple of days before the semester starts.
3. Some courses may be cancelled after the first week of classes.

In general, the course selection process includes the following steps:

1. Select at least 10 (preferably more) courses for each semester of study. The more courses you select the better (and the quicker the process). Make sure to select courses that are offered during your semester of study; Semester 1 (Fall) and Semester 2 (Spring). Refer to other course files for more course options (<http://www.KEIabroad.org/programs/darsalaam/academics.php>).
2. Consult with your academic and/or study abroad advisor regarding your course selections. Obtain credit transfer approval from your university.
3. Inform your KEI Program Manager about your course selections.
4. KEI will check with UDES which courses will be offered during your semester of study. This process may take several weeks - sometimes longer.
5. KEI will inform you about which courses will be offered. It may be necessary to select additional courses.

Please speak with a KEI Program Manager before starting the course selection process. We will be glad to explain the education system at the University of Dar es Salaam and help you through the entire process.
